

The word “catholic” literally means “universal”. At St. Anne School we welcome families of all faiths, all ethnic backgrounds, and all economic backgrounds. Last year alone, St. Anne gave out over \$30000.00 in tuition assistance to families. If you are looking for an academically strong environment with a family atmosphere, look no further.

For 67 years St. Anne Catholic School has provided Christ centered learning for students from all over the area. We have a reading rich culture balanced with STEM, clubs, and competitive teams. Our students read, engage in book talks, and learn to appreciate good stories written by good authors. We actually have published authors visit our school every year with our annual author visits.

The arts also are an important part of our school. All our students enjoy art, music, physical education, and a foreign language on a weekly basis. Our students participate in weekly mass and have numerous opportunities to hone their public speaking skills. Forming the good habits to become lifelong learners is important at our school. We get to know each student, and each student is loved and cared for. We are a small school, with a big school potential!

Please stop by for a personalized visit, or contact us for more information. You will not be disappointed!

May God bless you with a prayerful spirit and a peaceful heart-

Billie P. Schneider
